Group Agreements

- Respect everyone's opinion
- No side comments
- Don't interrupt when someone is speaking
- Share your ideas – whether big or small
- Give opportunity to everyone (go around the “table” to get everyone's contribution)
 - Those that might not be as comfortable to share out loud might be more open to sharing if we go around the table
- Giving your opinion –
 - “throw glitter not shade”
- Be present and consistent
- Be engaged
- When an activity is being done with the whole group make sure you are engaged with the whole group and not side-tracked
